Foreword

I am pleased to present the Budget Implementation Report for the fourth quarter of the Financial Year (FY) 2024/2025. The report fulfils the County's obligation under Section 166 of the Public Finance Management Act 2012 to prepare and publish quarterly budget implementation reports. The law specifies that these reports shall contain both financial and non-financial information.

This is the fourth report in FY 2024/2025 and presents information on budget performance by the departments in the period July 2024 to June 2025. Information on budget performance is presented on aggregate and on individual department performance. The report also includes performance trends, which present a useful trajectory of revenue and expenditure performance.

The report provides details about revenue, expenditure, and capital projects. Reporting is also done on key targets and indicators from the approved supplementary budget.

The budget implementation was slow but recorded an improved performance from the second quarter and by the end of June 2025, expenditure on both the development and recurrent programmes represented 87% of the County's approved budget. There are several factors that were responsible for the slow implementation of the County programs mostly as a result of late budget approval, delay in approval of Fund Requests by Office of the Controller of Budget and IFMIS connectivity challenges. With the above challenges having been addressed, the budget implementation is expected to be smooth in the first quarter of the FY 2025/2026. I urge the departments to move with speed in putting up measures to hasten the implementation of programmes especially for the development projects.

I also urge all our stakeholders to actively scrutinize this report in order to take necessary action towards enhancement of transparency and accountability in the management of public resources as enshrined in the constitution and PFM Act, 2012. This will go a long way in providing feedback towards efficient and effective service delivery and attainment of the County Government's objectives.

CPA. Ibrahim Mohamed Adan, OGW.

County Executive Member for Finance and Economic Planning

1.0 Introduction

This Budget Implementation Report is prepared in conformity with Article 228(6) of the Constitution of Kenya, 2010 and Section 39(8) of the Public Finance Management Act, 2012's requirement that counties report on the implementation progress of their budgets. It covers the period July 2024 to June 2025.

The report presents revenue and expenditure performance by the Mandera County Government. Revenue is disintegrated by source while expenditure is analyzed by economic classification. It also highlights the County government's activities for the period under review and seeks to objectively review budget implementation in the county by highlighting performance of revenues, transfers received from the National Government and actual expenditure. Key issues that affect budget implementation during the financial year are identified and appropriate recommendations made on how the issues can be addressed to enhance efficiency and effectiveness in budget execution.

Compiled by the Mandera County Treasury after consultation with all the County departments, the report presents the status of budget execution as at 30th June 2025 for internal consumption and performance appraisal purposes. It also offers valuable information to members of the public on budget implementation and the County Assembly, which is bestowed, with the oversight mandate on utilization of public funds.

1.1 Fiscal Outlook

The fiscal assumption underlying the FY 2024/2025 budget is that there would be improved revenue collection from local sources and timely release of funds by the National Treasury.

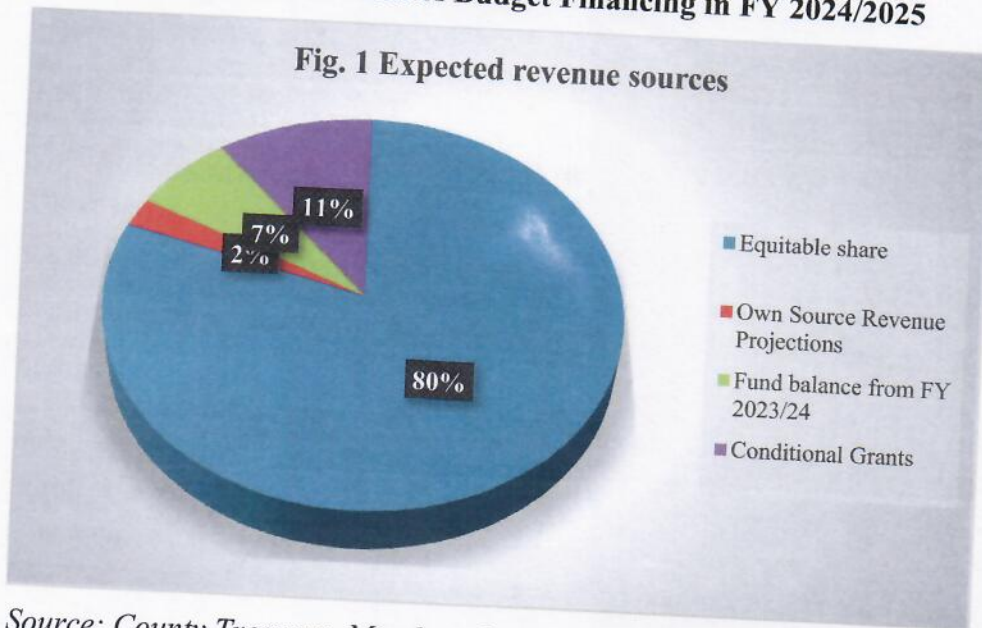

2.0 Financial Analysis of County Budget Implementation

The County had an approved Supplementary budget of Kshs. 14,567,547,952 which comprised of Kshs. 8,912,272,071 (61%) for recurrent expenditure and Kshs. 5,655,275,880 (39%) allocation for development expenditure.

2.1 Budget Components

In order to finance the budget, the County expected to receive Kshs. 11,690,618,560 (80 percent) as the equitable share of revenue raised nationally, generate Kshs. 350,000,000 (2 percent) from own sources of revenue, receive Kshs. 1,540,860,629 (11 percent) from various conditional grants, and other revenue (ongoing projects) of Kshs. 986,068,763 (7 percent) from FY 2023/2024.

Figure 1: Expected Sources of Budget Financing in FY 2024/2025

Source: County Treasury, Mandera County Government

The major source of revenue for the County was the nationally shared revenue, which accounted for 80% of the budget. Fund balances from the Financial Year 2023/2024 contributed 7%, while conditional grants made up 11%. The County's annual local revenue made up only 2% of the budget.

From the above analysis, the highest County Own Source Revenue collection was realized in the month of April 2025 amounting to Kshs. 76,360,389 followed by the month of June 2025 in which Kshs. 56,705,065 was collected while the least collection was in the month of August 2024 amounting to Kshs. 11,870,468.

The following challenges were encountered in the local revenue collections:

- Insecurity due to terror attacks affected revenue collection activities as it led to closure of quarries and border closures with Somalia and Ethiopia.
- General tough economic conditions.
- Understaffing and insufficient legislation to reinforce establishment and enforcement of new revenue streams.

2.4 Exchequer Issues

The Controller of Budget approved withdrawal of Kshs. 12,714,169,650 from the County Revenue Fund (CRF) account, which comprised Kshs. 4,067,140,741 (32 per cent) for development programmes and Kshs. 8,647,028,909 (68 per cent) for recurrent programmes.

2.4 Conditional Grants

The County received Kshs. 134,690,108 as Conditional Grants in the reporting period.

In the year under review, the county generated Kshs.431.17 million from its revenue sources, including FIF. This amount was an increase of 156 per cent compared to Kshs. 168,047,287 realised in a similar period in FY 2023/24, and was 123 per cent of the annual target and 4 per cent of the equitable revenue share disbursed. The increase in OSR was attributed to improved enforcement, automation as well as significant increase in hospital collections attributed to the implementation of FIF Act.

3.0 Overall Expenditure Analysis

The county spent Kshs.12.71 billion on development and recurrent programmes in the reporting period. The expenditure comprised Kshs. 4,067,140,741 for development programmes and Kshs. 8,647,028,909 for recurrent programmes. Expenditure on development programmes represented an absorption rate of 72 per cent, while recurrent expenditure represented 97 per cent of the annual recurrent expenditure budget.

3.1 Expenditure by Economic Classification

The county incurred Kshs. 5,027,938,154 Personnel Emoluments and Kshs 3,619,090,755 on Operations & Maintenance. Expenditures amounting to Kshs. 4,067,140,741 were utilized on development programmes.

3.2 Budget and Budget Performance by County Departments

3.2.1 Budget estimates

The County Government's mandate as stipulated by the Constitution of Kenya is discharged by Departments through implementation of projects and programs. These projects and programs are allocated funds through County Budgeting process. In the FY 2024/2025 the County Departments were funded in line with the ceilings captured in the 2023 County Fiscal Strategy Paper drawn to champion key priority programmes highlighted in the third Mandera County Integrated Development Plan (2023-2027).

Table 5 shows the breakdown of county's budget per Department in FY 2024/2025.

3.2.2.1 Development expenditure performance by departments

In the FY 2024/2025, the County's gross development budget was Kshs. 5,655,275,880. An expenditure of Kshs. 4,067,140,741 representing 72% of the development vote was utilized during the financial year. Two Departments were able to incur expenditure of 100%. These were the Department of Education and Human Capital and the County Public Service Board. The Department of Health Services was the utilized the third the highest expenditure with an absorption rate of 98% followed by the County Assembly and the Department of Social Development at an absorption rate of 92% and 85% respectively. The worst performers were the Office of the County Secretary, and the Department of Trade and Cooperative Development, which had an expenditure of 27%, and 19% respectively under the development vote.

The following factors were responsible for low absorption rate;

- Late budget approval
- Delays in approval of request for funds by office of controller of budget
- Late releases of the exchequer by the National Treasury
- IFMIS related challenges
- Late initiation of procurement process and hence late initiation of development projects

3.2.2.2 Recurrent expenditure performance by departments

In comparison to the development vote, the County performed well in the execution of the recurrent budget in the FY 2024/2025. The County had a total recurrent budget of Kshs. 8,912,272,071. An expenditure of Kshs. 8,647,028,909 representing 97% of the recurrent vote was utilized during the period under review. Twelve Departments recorded an absorption above 95%. The Ministry of Finance and Economic Planning, Lands and Urban Development, Office of the County Attorney, and the Department of Trade and Cooperative Development recorded the highest overall absorption rate at 100% each followed by the Department of Social Development at 99%. The rest of the Departments recorded between 98% and 96% except the Office of the County Secretary which was the lowest spender at an absorption rate of 74%. Overall, the recurrent vote performed better than the development vote.

The following factors were responsible for the low absorption rate during the period;

- Delay in budget approval processes
- Slow release of funds from National Treasury
- Delays in approval of request for funds
- Technical and capacity challenges in application of IFMIS
- Network connectivity challenges
- Other expenditure pressures

4.0 IMPLEMENTATION CHALLENGES, LESSONS LEARNT AND WAY FORWARD
Mandera County Government experienced several challenges that affected budget implementation during the financial year 2024/2025. These are:

Delay in fund disbursements by the National Treasury

The June 2024 allocation was received in the first quarter of the financial year leading to expenditure pressure such as salary arrears from the previous year.

Delay in approval of Fund Requests

The Office of the Controller of Budget's fund requests approval processes is long and bureaucratic, thus affecting the county's absorption needs.

IFMIS connectivity challenges

Recurring IFMIS breakdowns decelerate the approval of procurement requests and lead to delays in payments to suppliers thus slowing down the County's ability to absorb funds in a timely manner.

High public expectation

Increased awareness of members of the public on their rights through numerous public participation and community engagement programmes has seen an increase in agitation for better service delivery hence creating expectation pressure. This was further intensified by the political activities and change in leadership both at the National and County levels.

Under-performance of own revenue collection

This was due to, amongst other reasons the poor economic status of the residents in this county as well as the increase in prices of commodities. Insecurity in the region that led to border closures with Somalia and Ethiopia also affected collections of revenues greatly.

High Pending Bills was also another huge challenge for the county.

5.0 RECOMMENDATIONS

Mandera County Government has made some significant improvements in addressing some of the majorly challenges previously identified as affecting budget implementation. The following lessons learnt in the prior financial periods shall be replicated in the budget implementations:

- The County Government should liaise and cooperate with the National Government for timely release of funds as per disbursement schedule to foster smooth operations and successful project implementations.
- The County Government should also liaise with the Controller of Budget to avoid limitations in expenditure to ensure proper implementation of planned projects.
- The County should come up with measures to address underperformance in own source revenue collection so as to ensure the approved budget is fully financed. OSR collections efforts can be heightened by putting in place mechanisms like proper enforcements, restructuring of revenue controls, mapping the revenue sources and enactment of relevant legislations.
- Civic education- building the capacities for communities to understand the roles played by both the National and County Government to avoid scenarios where the residents demand the County Government starts planning and financing of functions under the National Government or vice versa.
- Engage the National Government to invest in the security sector to curb attacks from militia groups.
- Departments should capacity build their human capital so as to increase their efficiency and productivity.
- The County should leverage on technology to enhance efficiency. Provision of enough ICT infrastructures is required to enhance the IFMIS network to avoid financial delays.
